

HDF Cane Touch Apron for Heavy-Duty Drinking Fountain

GENERAL

The cane touch apron is an optional accessory designed to bring the bottom of bi-level units into line with each other to give a sense of symmetry and to satisfy customer preference. For use on Halsey Taylor Heavy-Duty Contour™ series units. When installed properly all HDF Units meet ADA requirements without the cane apron. Standard finish is 14 gauge heavy-duty stainless steel. Overall Dimensions: 11 15/16" W x 6" H x 18" D.

Note: Floor to underside measurements of cane apron equals 27" when mounted correctly. 24" (610mm) for child ADA.

KIT CONSISTS OF:

- 14 gauge stainless steel cane apron
- 14 gauge stainless steel bottom cover plate
- Vandal-resistant screws
- Installation instructions

Use part #HDFCANE when ordering.

NOTE: Continued product improvement makes specifications subject to change without notice. See Halsey Taylor website for most current spec sheet.
